The Election

One of the easiest and most popular pastimes of Americans is to second guess after an election day. Two things are certain after the vote on Tuesday. The Democratic party is in complete control of Congress and the Senate until at least 1962. The other is that the remodeling of the Republican party into "Modern Republicans" or artificial Democrats, whichever way you look at it, should be at an end. The country needs two parties and it is healthy that they should not be reasonable facsimilies of each other.

A little incident that took place in the town of Mattapoisett on election day seems worth repeating because it points up the fact that the rugged individual, the voter with spirit, is still with us.

Republican Headquarters was established in the building directly across the street from the Mattapoisett Town Hall. On election day the windows were hung with posters for the Republican candidates for office. As soon as the polls opened, however, Mr. Democrat set up a field command at the walk in front of the town hall using a handy tree to hang posters. Every voter approaching to cast a ballot began to be on the receiving end of a Democratic commercial from this gentleman. Temperatures rose quickly in Republican Headquarters. Law books were broken out and consulted. Armed with law a Republican representative sallied forth to lay the facts before the Town Moderator who is Democratic Town Committee chairman. The law establishes a political solicitation "no man's land" around the polling place. After a tape measure was brought into play, Mr. Democrat was moved back up the street out of his infil-

TRUSTEES MEETING OF ROCHESTER PUBLIC LIBRARY

The trustees of the Rochester Public Library met Monday night, November 10th, at the Library. Mrs. Stephen Saunders reported that she had taken fifty books from the Rochester Library to the Consolidated School Library which will be replaced by others at the end of two months.

It was voted to continue the present policy of discarding outdated books of fiction.

After discussion of new books, a list was selected to be purchased by the librarian, Mrs. Kenneth Winslow.

It was agreed that the following rules for borrowing books from the library be put into effect at once: New books of fiction must be returned within two weeks. All other books must be returned within four weeks. Any book lost or defaced must be replaced by the borrower.

Beginning January 1, 1959, there will be a fine of five cents a week for each book not returned within the specified time.

Mrs. C. Clifford Peirce is clerk for the trustees.

GUILD ALL DAY MEETING

The Women's Guild of the First Congregational Church of Rochester will hold an all day meeting this Wednesday, November 19th, at the home of Mrs. William Warburton of Mattapoisett Road, Rochester. trated position.

Then the odd fact came to light.

In measuring across the street in the other direction it was discovered that the front door and part of the window space in Republican Headquarters were also in the forbidden circle. After the posters were removed from the window space inside this area, things returned to the old dull normal routine. Except that Mr. Democrat had to tax his voice to its upper volumes in order to reach all of the voters throughout the day and into the twilight as long as the polls should be open.

It could only happen in a small town.

We wish there were more of them.

OBSERVED ANNIVERSARIES.

Mr. and Mrs. D. Lawrence Hartley of Pine Street, Rochester observed their 23rd wedding anniversary on November 8th.

Mr. and Mrs. Peter Balzarini of Mary's Pond Road, Rochester observed their 23rd wedding anniversary on November 9th. They are parents of three children, Marie, Robert and Peter.

John Balzarini of Long Island, New York visited his brother, Peter Balzarini.

ON THE COVER

Carefully sheltered in its granite canopy, Plymouth rock is the focal point for thousands of visitors per week in the summer. They come from every part of the United States and the world to see this point where the Pilgrims first set foot on the land where they endured many trials to establish the town of Plymouth. The rock was moved, buried and moved again until now it rests on the original site.

letters to residents of Plymouth County in which are enclosed the 1958 Christmas Seals. Proceeds from the sale of these seals will be used for the prevention and control of tuberculosis.

In the last half century much progress has been made in the fight against this disease and the death rate has fallen rapidly; however, the case rate of persons known to have the disease remains relatively high. Last year in Plymouth County alone, there were 63 new cases of tuberculosis reported which indicates that there is still a big job to be done. All the time ONE active case of tuberculosis remains undetected, a potential chain of infection still exists. Christmas Seals help find those undetected and unknown cases by means of the chest X-ray and tuberculin test. Proceeds are also used for medical education and research and rehabilitation.

WINTERING IN FLORIDA

Mr. and Mrs. Albert Hellyer of North Avenue, Rochester have left to spend the winter in Florida.

DISPELLING PUBLIC APATHY

The following are the recent words of J. Edgar Hoover, Director of the Federal Bureau of Investigation:

"Public apathy is the sure way to national suicide - to death of individual freedom. It allowed the Communists to penetrate and make satellites of once-free countries, and it is presently enabling them to honeycomb and weaken the structures of the remaining countries, and there is today a terrifying apathy on the part of Americans toward the deadliest danger which this country has ever faced. Some of that apathy is deliberately induced.

The Communist Party in the United States is not out of business; it is not dead; it is not even dormant. It is, however, well on its way to achieving its current objective, which is to make you believe that it is shattered, ineffective, and dying. When it has fully achieved this first objective, it will then proceed inflexibly toward its final goal. Those who try to minimize its danger are either uninformed or they have a deadly axe to grind".

old clipping explains the origin of this unique plan.

"Mr. Isaiah P. Atsatt was a promoter of the original Mattapoisett Public Library. The plan was opposed by the town for two or three years, but the objection was withdrawn when Mr. Atsatt pledged himself in a town meeting to furnish a place and act as librarian for one year free of charge, if the town would appropriate the dog tax toward supporting the library. This was done, and the library was established in 1881, quarters being furnished in a room over the Atsatt grocery store. The public appreciated the effort, and the public library today is one of which the town is justly proud."
